

UNITECH

Fluid Sealing Specialty Products

SCENIC PRECISE: Midwest master distributor. Patented heavy duty cartridge mechanical seals. Single, double, mixer and custom engineered seals. Heavy duty flushless slurry seals.

SMART SEAL: Full line of welded bellows seals: component, ANSI, high and low temperature rotating and stationary meeting stringent API specifications.

BURGMANN: Boiler feed and high pressure power plant seals

FLEX-A-SEAL: Patented true 2-piece cartridge **SPLIT SEALS**

MECHANICAL SEAL REPAIR: We repair all types and sizes of mechanical seals. Complete in-house grinding, lapping, and engineering. Master distributor for tungsten carbide, silicon carbide and ceramic faces for all types of seals; both standard and custom engineered.

FRENZELIT & KLINGER: Innovative gasket and insulation materials including engineered graphite with Kevlar, high pressure gaskets for static and dynamic applications. Gaskets available constructed from expanded graphite for **EXTREME DUTY.**

GRIFFCO: Complete line of back-pressure valves, pressure relief valves, and calibration columns in a wide variety of materials and sizes to enhance the accuracy and performance of all types of chemical feed systems.

EKK EAGLE: Zero leakage valves, including steam valves. *Five year zero leakage guarantee.*

CLA-VAL: The valve of choice for system applications requiring remote control pressure regulation, solenoid operation, rate of flow control or check valve operation.

SINGLE SPRING SEALS: We offer complete replacements for Pac seals, Crane/Sealol, US Seal Type 1, Type 2, Type 21, Type 6, and Type 6A. Many sizes and face/seal and elastomer combinations **IN STOCK**, including but not limited to: carbon, tungsten carbide, silicon carbide, ceramic, buna, epdm, Teflon, Kalrez, Viton...

PARKER PROTECH BEARING ISOLATORS: Non-metallic, non-contacting bearing protection for pumps, fans, blowers, pillow block bearings and gearboxes.

JOINT SEALANT GASKET TAPE: Pure expanded PTFE gasket tape. FDA compliant.

PALMETTO PACKING: Full range of rotating equipment packing. A leader in technology improvements in packing delivering unmatched service in high temperature, high pressure, and slurry environments.

SEAL-RYT: Proprietary sealing bearing

ALOMA SHIMS: High quality, precision pre-cut and custom shims.
